

GymCide[®]

disinfectant & cleaner

DESCRIPTION

This product is for use on hard, non-porous surfaces in athletic facilities and locker rooms, exercise facilities, gymnasiums.

This product is formulated for use on hard, non-porous surfaces such as: wrestling and gymnastic mats, athletic mats, athletic training tables, physical therapy tables, exercise equipment, athletic helmets, wrestling/boxing headgear, athletic shoe soles, and locker rooms. Non-dulling formula eliminates the time and labor normally required for rinsing floors.

This product is an effective fungicide against Trichophyton mentagrophytes, the fungus which causes athlete's foot, a cause of Ringworm and Candida albicans on hard, non-porous surfaces in the presence of 5% blood serum and 400 ppm water hardness as CaCO₃ when used on hard, non-porous surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities. This product will effectively inhibit the growth of mold and mildew (Aspergillus niger) and the odors caused by them when applied to hard, non-porous surfaces leaving bathrooms and kitchens clean and fresh smelling.

DIRECTIONS

Refer to original container label for complete use directions.
